

CipherLab Service Advantage Warranty Policy

1 Standard Warranty

- 1.1 CipherLab provides the following product warranty:
 - (1) Upon sale of the product to the Buyer, CipherLab shall provide limited materials and manual warranty services, subject to the product types (Appendix I), within the specific warranty period as of the ex-factory date.
 - (2) CipherLab is only responsible for repairing or adjusting the products to make them conform with CipherLab environmental specifications on the brochure and operation details on the user manual. Once the products are sold and delivered, CipherLab has no obligation to modify or update the products. The latest firmware update service will be provided only to the Buyer at the time of repair after CipherLab receives the Buyer's confirmation.
- 1.2 The warranty service provided by CipherLab applies only if the defect is found when the product is operated in conformity with the environmental specifications.
- 1.3 CipherLab's warranty liability toward the defective product shall be limited to repair or replacing (at CipherLab's sole option) the defective product free of charge in case CipherLab determines the defective product failed due to defects in raw materials or assembly procedure.
- 1.4 The defective product falling within the warranty period shall be serviced and shipped back within 7 (seven) business working days after the defective product is received by CipherLab service center, provided that in any special cases or in the case of products beyond the warranty period, the servicing should be scheduled subject to the condition of CipherLab service center.
- 1.5 The actual servicing time may be subject to extension in case of force majeure or other restrictions as described below:
 - (1) The aforementioned business working days are exclusive of the transportation time between a CipherLab service center and Buyer.
 - (2) Any repair incident when a service charge is incurred will be quoted to the Buyer for acceptance and confirmation. The time it takes to receive the confirmation is exclusive of said servicing time. If CipherLab does not receive any confirmation from the Buyer within 30 (thirty) calendar days, a follow-up notice shall be issued. If confirmation is still not received within seven (7) calendar days after such notice, it shall be deemed that the Buyer disagrees with the service charge quotation. The defective product will be then returned "as it is" back to Buyer directly without repair, and applicable fees shall be charged pursuant to Clause 1.7 of this warranty policy.
 - (3) In case no defect is found (N.D.F.) upon testing the product, CipherLab will report to the Buyer to have further verification. The time spent in the verification is exclusive of said servicing time.
 - (4) In some cases, additional tests will be required to ensure whether the product functions properly. The time spent in the tests is exclusive of said servicing time.
 - (5) The actual turnaround time is subject to available capacity when a returned batch for repair consists of 15 pieces or more within 7 calendar days(inclusive). CipherLab will inform the Buyer of the required time in advance in case the actual turnaround time will exceed said servicing time.
 - (6) Expeditious services may be available subject to additional charges. For the details and charge rate thereof, please contact CipherLab separately.
- 1.6 Buyer is responsible for the shipment of returning the defective product back to the service center designated by CipherLab and bears all costs and risks associated with the transportation of the product. The Buyer is responsible for processing the software and data backup before the defective product is returned. CipherLab will not bear the risk of loss of the software and data. CipherLab is responsible for returning the repaired product back to the address designated by the Buyer and only bears the freight thereof, while the risk associated with transportation of the product shall be borne by the Buyer.
- 1.7 In case of CipherLab service center determines that no defect is found (N.D.F.) upon testing the product or the Buyer disagrees with the service charge quotation, CipherLab shall charge the Buyer the freight, test expenses and other expenses derived therefor. In such a case, the Buyer shall bear all costs and risks associated with the transportation. The same shall apply to the products beyond the warranty period.
- 1.8 In the warranty policy, "repair" shall mean the repair or adjustment of the defective product to restore the defective product to normal operating condition; and "replacement" shall mean CipherLab may replace the defective product or spare parts with the same or equivalent product or spare parts.
- 1.9 CipherLab may use new or refurbished parts to repair or replace at CipherLab's option. The ownership in any replaced products or parts shall remain vested in CipherLab.
- 1.10 Repair and/or replacement of a product shall not result in an extension of the original warranty period.
- 1.11 If necessary, CipherLab will demand that the Buyer should present the original information about purchase of the products to verify the warranty status of the products.
- 1.12 The repaired defect may be subject to the warranty for 90 calendar days. If the same defect arises under fair use within 90 calendar days (inclusive), CipherLab will provide limited materials and manual warranty services without charge. The other defects shall be subject to the warranty period and contents under the original warranty policy. The same shall apply to any defective products beyond the warranty period.
- 1.13 Software Update
 - (1) Software (firmware and utility) support continues up to 2 years after the end-of-life of the device.

2 Exemption from Warranty

- 2.1 The warranty referred to in Clauses 1 of the said provision shall not apply to the following circumstances, provided that CipherLab reserves the right to make ultimate judgment and confirmation:
- (1) Loss or theft of the products, or damage to, or failure, destruction or total loss of the product due to non-fair use, misuse, abuse, neglect, an operation against environmental specifications, improper installation or maintenance, unauthorized removal, repair or installation, modifications or alterations of the product;
 - (2) Parts or materials other than those provided by CipherLab;
 - (3) Liquid leakage or foreign matters on the product;
 - (4) Imperfections resulted from normal wear and use, including but not limited to scratches, dents etc.;
 - (5) Loss of or failure to identify, or damage to the product serial number sticker or alteration or removal of the serial number;
 - (6) Software purchased separately in response to the use of the product;
 - (7) Damage to, or failure or destruction of the product due to force majeure, including but not limited to, acts of God, earthquake and flood, etc.;
 - (8) Insufficient battery charge that affects the product performance;
 - (9) Failure or damage caused by the cleaning or disinfection with cleansing products or other chemicals made of active ingredients;
 - (10) If it is impossible to access the spare parts for the defective products or CipherLab considers that the price of spare parts should be unreasonable and, therefore, it is impossible to complete the servicing or the servicing expenses is overly high, or if CipherLab considers that the servicing expenses are over the product value, the defective product will be then returned "as it is" back to Buyer directly without repair. The same shall apply to the products beyond the warranty period. CipherLab shall charge the Buyer the freight, test expenses and other expenses derived therefor. In such a case, the Buyer shall bear all costs and risks associated with the transportation.
 - (11) Please click the following URL for the reference cases exempted from the warranty:
https://www.cipherlab.com/files/Service%20Eligibility%20Guidelines%20v1_EN_20220426.pdf

If repairs for the above (1) - (11) circumstances are conducted, the relevant repair fees will be charged.

- 2.2 Any warranty provided by CipherLab shall be subject to the warranty policy. Without a formal written request from CipherLab, the statement or warranty made or provided by any persons (including but not limited to retailers, agents, or CipherLab's employees without authorization) shall have no binding effect on CipherLab.
- 2.3 CipherLab shall not be held liable for the warranty toward any indirect, contingent or incidental damage or damage resulting from the use of the product beyond the intended use of the product. The damages under the CipherLab warranty shall be no more than the purchase price of the defective product.
- 2.4 The additional warranty purchased by the Buyer, if any, shall be subject to the terms and conditions favorable than those in the original warranty.

3 Extended Warranty

- 3.1 Extended Warranty is applicable to selected mobile computer categories (Appendix II) at the expense of Buyer.
- 3.2 Extended Warranty does not cover the scan engine, decoder board, accessories and peripherals.
- 3.3 Extended Warranty is prolonged from Standard Warranty with the same coverage as stated in Clauses 1 and 2 of this warranty policy. One-year and two-year terms are at Buyer's option. A full period of Extended Warranty is limited to 4 (four) years in total exclusive of the 1st year Standard Warranty.
- 3.4 The Buyer must meet the engagement with CipherLab prior to the expiration of the existing term.
- (1) Buyer has to purchase one year to four years Extended Warranty before the Standard Warranty expires..
 - (2) Buyer is eligible for renewal of the same term of Extended Warranty before it gets expired. (For example, if the Buyer purchases Extended Warranty for one year initially, it is allowed to purchase an additional Extended Warranty for one year too. If it purchases the Extended Warranty for two years initially, it may be allowed to purchase an additional Extended Warranty for two years only.) Meanwhile, the total warranty period, including the standard warranty period, shall be no more than 5 years (inclusive).
 - (3) If Buyer fails to renew Extended Warranty by the due date, the warranty will be discontinued as it expires without a notice.
- 3.5 The defective product will be serviced and shipped back within 5 (five) business working days after the defective product is received by the CipherLab service center.
- 3.6 Besides the additional terms and conditions above for extended warranty, the content of Clauses 1 and 2 of this warranty policy also applies to extended warranty.

4 Essential Comprehensive Warranty

- 4.1 Essential Comprehensive Warranty is applicable to the product types identified in Appendix III.
- 4.2 Essential Comprehensive Warranty does not cover accessories and peripherals (Appendix I).
- 4.3 Buyer shall complete the additional purchase from CipherLab within 60 calendar days (inclusive) upon shipment of the products.

(1) Buyer may purchase a 3-year or 5-year Comprehensive Warranty (both including the original standard warranty for 1 year) to upgrade the warranty level.

(2) Prior to the expiration of the 3-year Comprehensive Warranty, the Buyer may continue to purchase additional Comprehensive Insurance for one to two year. When renewing the warranty, the Buyer shall provide related information per CipherLab's request to help verify the product status. CipherLab reserves the right to approve the Buyer's purchase of the additional warranty referred to in this subparagraph.

(3) The total period of the Comprehensive Warranty purchased by the Buyer, including the one year for the standard warranty, shall be no more than 5 years (inclusive).

4.4 The defective product will be serviced within 3 business working days after the defective product is received by the CipherLab service center.

4.5 The following items are also covered under comprehensive warranty once CipherLab Service Center confirms that they are caused by normal usage and result in defects or impaired usability, provided that CipherLab reserves the right to make ultimate judgment and confirmation. The following items, however, are not covered under standard and extended warranty.

- (1) Damaged housings;
- (2) Cracked or broken displays;
- (3) Damaged keypads;

4.6 Android Zero Touch Value-Added Services

(1) Zero Touch refers to a zero-contact registration mechanism enabling an enterprise's IT personnel to complete the configuration of the Android device managed by them rapidly.

(2) The service is applicable to all products of CipherLab embedding Android 7.0 or higher and certified by AER.

(3) The product may use Zero Touch without charges during the effective comprehensive warranty period.

(4) The Zero Touch shall not be deleted or transferred to the other Android device once it is registered.

4.7 Application loading service should be addressed by an additional service contract if comprehensive warranty is purchased for more than 50 (fifty) pcs of the same model.

4.8 Besides the additional terms and conditions as mentioned above for Essential Comprehensive warranty, the content of Clauses 1 and 2 of this warranty policy also applies to Essential Comprehensive warranty.

5 Premium Comprehensive Warranty

5.1 Premium Comprehensive Warranty is applicable to the product types identified in Appendix III.

5.2 Premium Comprehensive Warranty does not cover accessories and peripherals (Appendix I).

5.3 The defective product will be serviced within 2 business working days after the defective product is received by the CipherLab service center.

5.4 CipherLab will be responsible for the transportation costs between the CipherLab service center and the Buyer.¹

5.5 Besides the additional terms and conditions as mentioned above for Premium Comprehensive warranty, the content of Clauses 1, Clause 2, and Clause 4 of this warranty policy also applies to Premium Comprehensive warranty.

6 Product Repair Procedure

6.1 Buyer (limited to those buyers or distributors/agents that purchase the comprehensive warranty) shall firstly register with CipherLab E-RMA system for validating the Account ID and Password. Each Buyer is assigned an exclusive and sole Account ID. Please keep the Account ID and Password with care.

6.2 Buyer logs in the E-RMA System of CipherLab at <http://e-rma.cipherlab.com.tw/Default.aspx> with the above registered credential and follows through instructions before sending a defective product back to CipherLab service center.

6.3 Buyer is responsible for software, configurations and data backup before the defective product is returned. CipherLab does not guarantee to keep or restore software, configuration and data during the maintenance.

6.4 Accessories, including but not limited to cables, batteries, battery covers and power converters /adapters, are not required to ship back with the defective product unless they are defective themselves. All shipped items must be recorded in order in the E-RMA System, CipherLab will mark the status in the E-RMA System when the items are checked upon their arrival.

6.5 Each RMA number is generated by CipherLab system automatically when Buyer files the case and is only valid for 45 calendar days. Once it gets expired before CipherLab service center receives the defective product, the RMA number will be deleted automatically and the Buyer has to file the case again for another valid RMA number.

6.6 The repaired defective product will be delivered to the address registered in the E-RMA system. The Buyer shall complete the related date in the system precisely.

1. It's not applicable to Australia and New Zealand regions. For these regions, the shipping cost for returned products is still covered by CipherLab Service Center.

※ CipherLab reserves the right to modify, interpret and explain the warranty policy. The latest warranty policy will be posted on the CipherLab

E-RMA system in lieu of the notice of any changes, modification and update of the policy. The terms and conditions on the current version of the warranty policy posted on CipherLab E-RMA System at the time CipherLab provides the warranty Service shall prevail. The warranty policy might be translated into different languages provided that the English version shall be the standard one, and in the event of any discrepancy in interpretation due to translation, the English version shall govern.

- ※ Unless it is permitted by laws, the terms and conditions in the warranty policy shall not be excluded, limited or modified in the trading territories including Australia and New Zealand, which shall apply to such end user and compulsory statutory rights in the products sold.
- ※ In order to process the Buyer's application and provide related services, CipherLab will collect, process, and utilize the Buyer's personal data when the Buyer applies for product warranty or repair services. This data will be used internally for product maintenance, technical support, and to enhance service quality and business development. For detailed information regarding CipherLab's Privacy Policy, please refer to the official CipherLab website : <https://www.cipherlab.com/en/a4-10996/Privacy-Policy.html>

	Battery ^{Note1} (for AER-certified product ^{Note2})	1 year		1600 Series	1 year
	Battery ^{Note1} (for other product)	3 months		2560	5 years
	Power Converter	3 months		2564	3 years
	Power Adapter	3 months		2564 SR / MR / ER	3 years ; Scan engine: 1 year
				2565	1 year
Other	UHF RFID reader	1 year		WR30	1 year
	5300 Series	1 year			
	Spare parts	3 months			

* All product batteries are consumables and are warranted according to their respective specifications. Battery warranty does not follow the main unit's warranty period and is not part of the main unit's warranty coverage.

Note 1. Batteries are warranted for defects in manufacturing only. It is normal that battery performance degrades with each charging cycle. Extreme temperatures also worsen the degradation. It is true that battery life is greatly dependent upon user environments. Warranty will not apply to batteries with reduced capacity due to repetitive charging cycles, or operation at extreme temperatures.

Note 2. For the present, a 12-month warranty applies to the batteries used on the RK26, RS36, RS38, RK95, RK96 series and 1264.
